

CONTRACT OF COMMITMENT

I, _____, understand that to create a good program and to gain useful skills, I need to commit to being on a team for 1 school year or otherwise indicated by the Advisor. At the end of the school year or term, I will help transition someone else into my role. I understand and respect that Trail Youth is a functioning business and not a club in which I need to fully participate in whatever event that I am planning and will respect any deadlines given. I will support my teammates by offering encouragement and ideas. I will attend the number of meetings that the team and advisor decides upon. For those I can't attend, I will give advanced notice to the advisor of the team and share with them any updates about my project so that they will be able to communicate to the team and board. If I miss more than 3 meetings, then I understand that the Trail Youth staff reserves the right to remove me from the team.

I will keep my grades steady and keep my attendance in school within reason. If at any time, the school expresses concern over my school attendance, the Trail Youth staff reserves the right to remove me from the team.
